STEP 3:

Enter the amount of your check.

Click on the camera icon for the front of the check and take a picture. Make sure your camera focuses before you take the picture.

STEP 4:

After correctly endorsing the back of your check, click on the camera icon for the back of the check and take a picture. Once again, make sure your camera is focused before you take the picture.

STEP 5:

Click Continue.

You will receive a message that your deposit has been submitted for review. You may view the status of your deposit anytime by logging back in to your Mobile Deposit Capture app.
